

Happy and Free

Not long before your birthday
Ten thousand years ago
The world was full of beauty
You know
But then they came among us
And chased us all away
To lonely islands calling
To play

And you can hear us sing...

*Far beyond the oceans
And far beyond the seas
We're gonna live together
Happy and free!*

*Coz far beyond the oceans
And far beyond the seas
We're gonna live forever
Happy and free!*

And you can hear us sing...

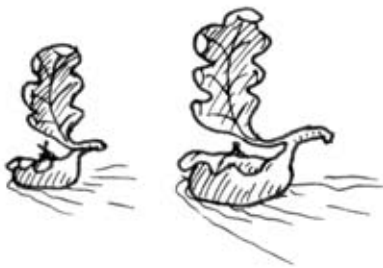

*We're gonna live forever
Happy and free!*

*Far beyond the oceans
And far beyond the seas
We're gonna live together
Happy and free!*

*Coz far beyond the oceans
And far beyond the seas
We're gonna live forever
Happy and free!*

*We're gonna live forever
Happy and free!*

That's where we'll be
