

Roaming with Rockford

When you're down
Feeling tired and cold
And pretty useless
He's the one the glums will let
The sun shine through

*If you go roaming with Rockford
When you've a trouble to beat
He knows and he'll take you homeward
Where life is sweet
For you and me!*

So take a trip
Wander down the ways
And when you're walking
He's the chum who comes to make
The fun times true

*If you go roaming with Rockford
When you've a trouble to beat
He knows and he'll take you homeward
Where life is sweet
For you and me!*

Coz when it's lonely in the park
And all of life is eating grass
This friendly face can lick the dark, down days
Best friends indeed are built to last

Where life is sweet
For you and me!

*If you go roaming with Rockford
When you've a trouble to beat
He knows and he'll take you homeward
Where life is sweet!*

*If you go roaming with Rockford
When you've a trouble to beat
He knows and he'll take you homeward
Where life is sweet
For you and me!*
