

Save the World

Nevermind
When the world seems unkind
And you're small

OoOoOo

If you try
And you do what is right
Then you're tall

OoOoOo

And you could
Save the world
Tonight
Go and change the world
And make it alright!
You
Got to save the world
It's nice!
Come and join in world delight!
Go and save the world tonight!

Nevermind
If they leave you behind
Coz you're small

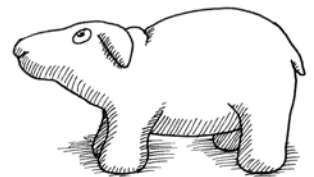

OoOoOo

Just bide your time
And the meaning of life
will unfold

OoOoOo

And you could
Save the world
Tonight
Go and change the world
And make it alright!
You
Got to save the world
It's nice!
Come and join in world delight!
Go and save the world tonight!

Coz even though you're small,
you might...
